

VLMS Quick Start Guide

vlms.app

About VLMS

- The Via Learning Management System (VLMS) is a fast, easy to use system to gather your patient encounters and use your entries to provide real time information and relevant review materials; all while documenting your growing clinical portfolio.
- VLMS automatically and interactively enhances your learning experience by....
 - Providing real time information on your fulfillment of patient encounter logs
 - Establishing a setting for interactive learning with your preceptor
 - Improving productivity via electronic review and signatures for student, preceptors, and clinical chairs.

Rotations to Log

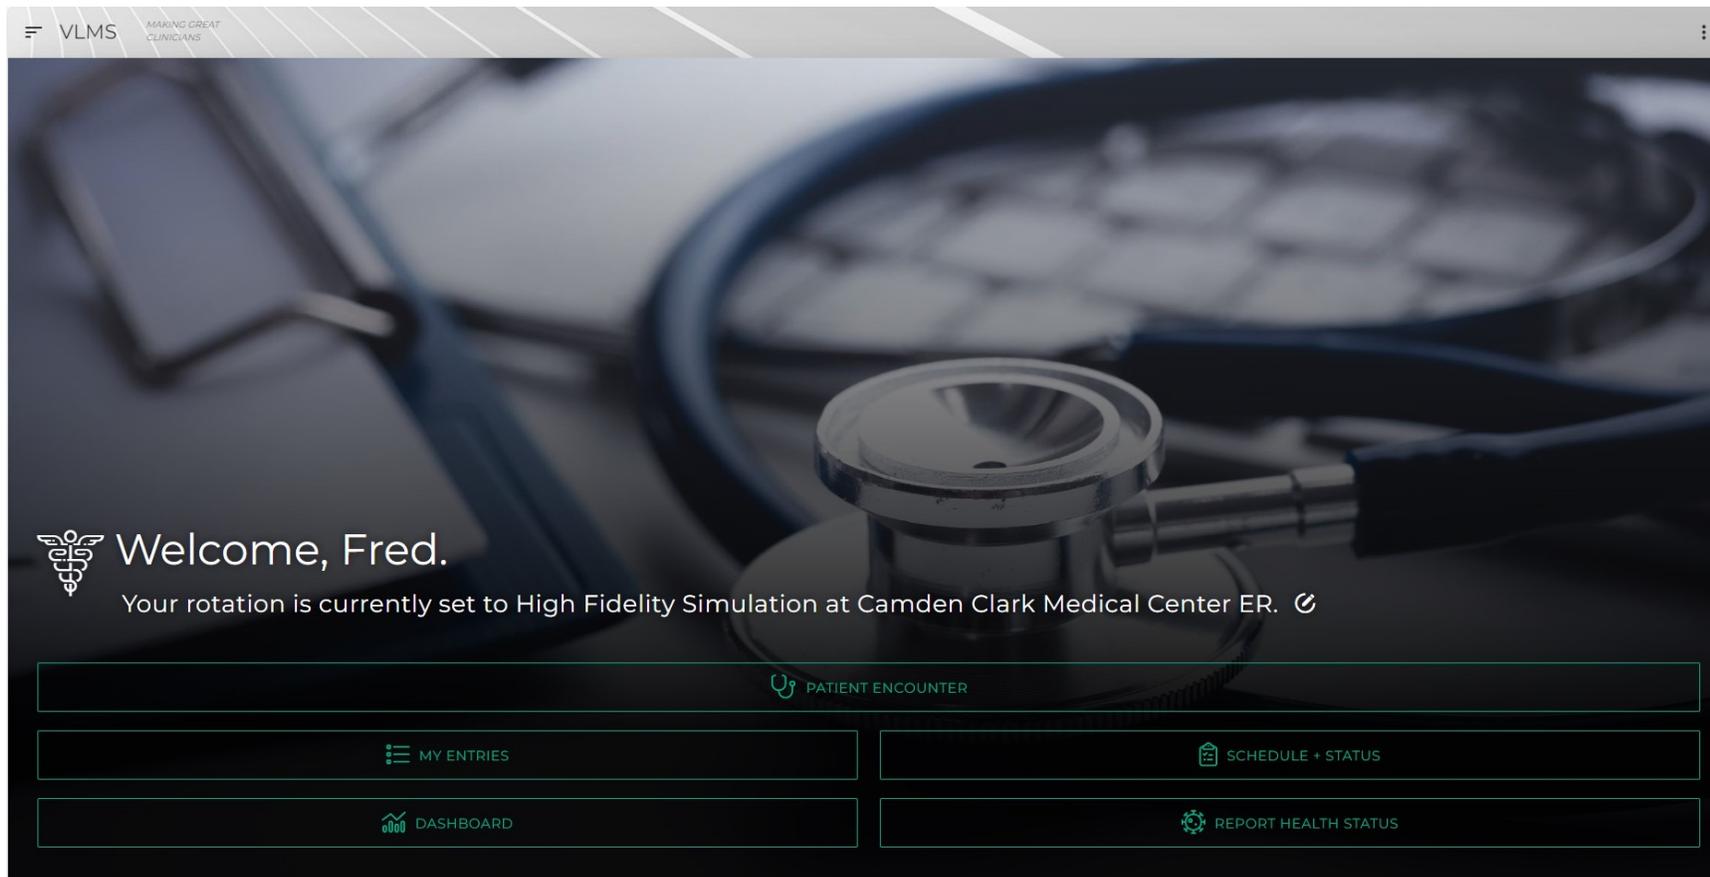

- All OMS III Rotations
- OMS IV EM Rotation Only

- Note: Research Rotation is excluded from logging

The Basics

VLMS Home Page

Each time you login, you will be greeted on the Home page where you can navigate to all parts of VLMS.

Change Entry Rotations

The screenshot shows the VLMS interface for Sydney Moriarty, a student. The left sidebar contains a navigation menu with items like System, Academic, OMS I, OMS II, OMS III, OMS IV, Expected Encounters, Emergency Medicine Log, Experience Log, Curriculum+, My Entries, My Metrics, My Dashboard, My Immunizations+, Change Entry Rotations, Anesthesiology, Mentor, and Analytics. The 'Change Entry Rotations' item is highlighted with a blue arrow. The main content area is titled 'MOVE ENTRIES' and contains two date selection fields: 'From This Date' and 'Through This Date'. Below these fields is a 'To This Rotation' section with a 'Make a Selection' dropdown menu and a blue 'SAVE' button. Three blue arrows point from text instructions to these elements: one to the date fields, one to the rotation dropdown, and one to the 'Change Entry Rotations' menu item.

Select the dates

Select which rotation to switch to

Save

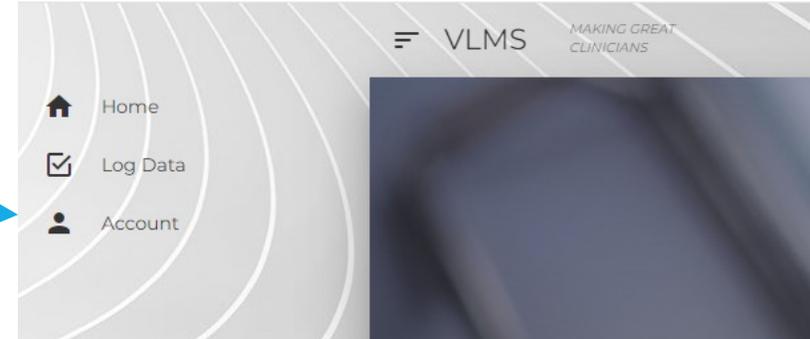

If you have logged patient encounters under the incorrect clinical rotation, follow these steps to correct it.

Click on Change Entry Rotations to begin

User Account and Support

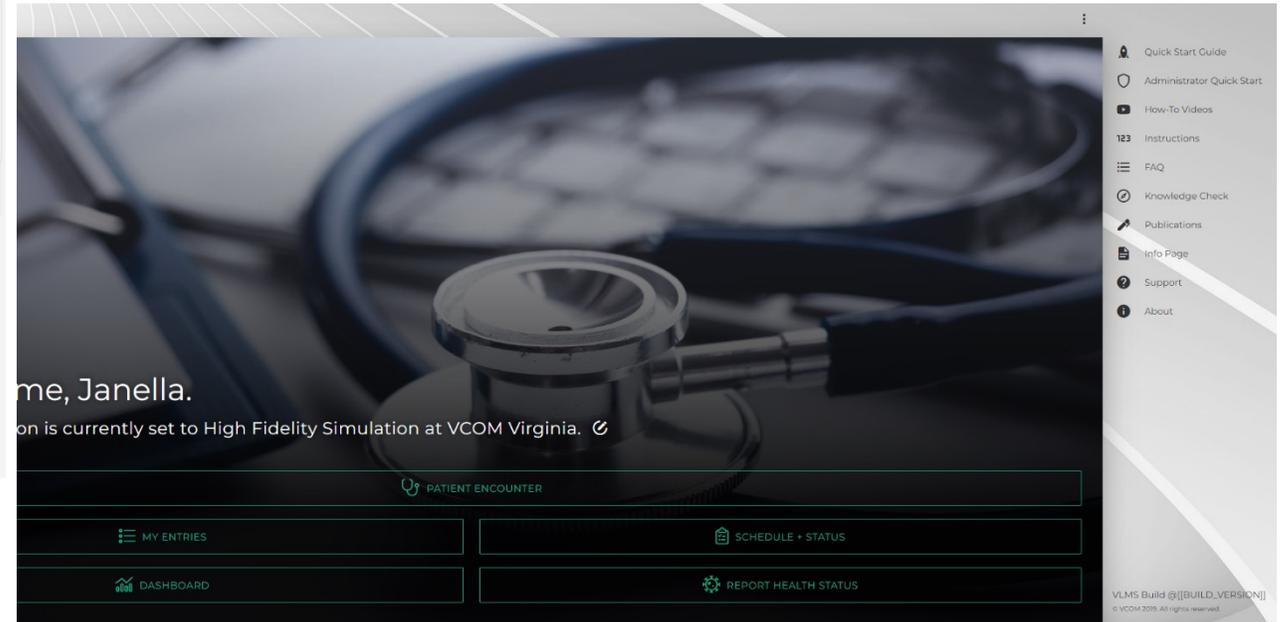

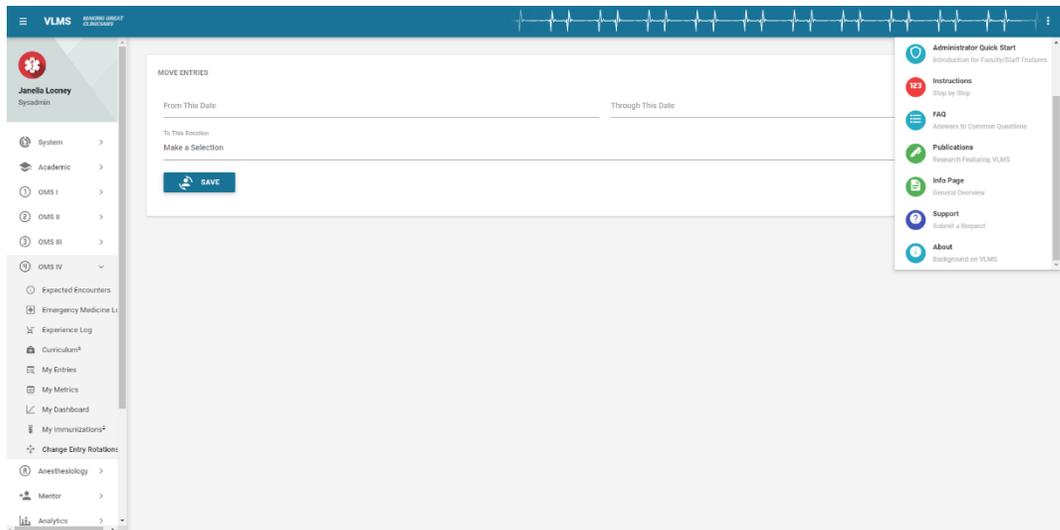

Password Reset

- Select the three bars at the top left and select Account.
- Change Password and Save

A screenshot of the 'Account' settings page in the VLMS mobile application. The page has a grey header with a back arrow and the word 'Account'. Below the header, there are several input fields: 'First Name' with the value 'Janella', 'Last Name' with the value 'Looney', and 'Your Institution's Student ID' with the value 'jlooney'. Below these is a 'New Password (If Desired)' field with a light blue background and a masked password '.....'. At the bottom of the form, there are two dropdown menus: 'Geolocation Tagging' set to 'Default to On' and 'Show Code-Relevant Factoids' set to 'When Not Recently Seen'. A large green 'SAVE' button is positioned at the bottom center of the screen. A blue arrow points from the text 'Change Password and Save' in the list above to the 'New Password' field.
